From the Office of Safe Environment

Substance abuse is a growing problem that can start
as early as grade school. Warning signs can be
sudden changes in behavior or moods, significant
changes in eating or sleeping habits, and increased
secrecy and hostility. If you believe that your child
may be involved with drugs or alcohol, contact the
school's social worker and/or your child's physician.
Early detection and treatment are crucial to long-term
physical and emotional health.

**Sixth Annual World Day of the Poor
November 13**

Pope Francis's message for World Day of the Poor
this year: "We must uphold values of responsibility,
solidarity". In his message for the 6th World Day of
the Poor, Pope Francis invites Christians to greater
solidarity and responsibility for the poor in society,
stressing the importance of putting our faith into
practice through personal involvement that cannot be
delegated to others. For more on the Pope's
message for the 6th World Day of the Poor:
