Dear Friends,

It's certainly a wonderful time of year. The days are longer, and mostly warmer. The flowers are blooming and nature is coming back to life. There is just so much beauty to appreciate.

There is no denying that the natural light here on Nantucket is just magnificent. It is so important to stop and take the time to appreciate our natural environment.

Light is something for which we long; we actually need it. Light is so important that it is, according to the story of creation in *Genesis*, the very first thing God created. "Let there be light, and there was light." God spoke and came to be.

Light shows all the goodness and beauty which surrounds us. Light also does something else; it shows us what isn't good or beautiful. It's perhaps one of the reasons why we have the concept of "spring cleaning".

As we are still in the Easter Season and the light of the Resurrection of Jesus is still so bright in our minds and hearts, let that light shine on the areas of our lives which need to be cleaned up. Let the power of the Resurrection of Jesus show us what needs to change within us. Light is good and necessary. It heals, it fosters life, it just makes us feel good!

So as we journey through spring and the Easter Season, let the light of Jesus Christ shine upon us and within us, so that we may radiate his presence to all whom we encounter.

God bless you!

Fr. John
